Request for Proposals Fall 2019

The Agnese Nelms Haury Program in Environment and Social Justice (Haury Program) invites your community and university partnerships to share your ideas to create a just and sustainable society. We know that many University of Arizona and Community Partnerships are thinking about how to *move the needle* in building a stronger, more sustainable social fabric. We ask you to imagine what a socially just and sustainable Southwest will look like in 25 years and tell us your plans for projects that will work to make ideas reality.

Seed Grants

Seed grants are one-time or well-defined prototype or model projects for completion within 2 years, resulting in data, on-the-ground actions, and recommendations to support the longer-term efforts for systemic change.

Award Amounts

Up to \$100,000 per year for up to 2 years

Schedule

Proposal due	October 31, 2019
Award notification	December 20, 2019
Funding start date	January 2, 2020

Criteria

- Does the project innovate in moving forward in environment and social justice?
- How will the authentic partnership team work?
- Will the project contribute to a just and sustainable society?

NEW! Partnership Grants

Explore new partnership opportunities or hone existing partnerships for new endeavors. Build capacity in authentic partnering.

Award Amount \$25,000 for up to 5 grants

Schedule See Seed Grant Schedule

Criteria

- What social justice/environmental work is this partnership intended to address?
- What is your goal in funding this work?
- Who are the members of the partnership?

Challenge Grants

A challenge grant assembles a team to confront major challenges, often termed “wicked problems,” at the nexus of environment and social justice to *move the needle* to create systemic and transformational changes.

Award Amounts

Up to \$200,000 per year for up to 3 years

Schedule

Letter of Intent due	October 31, 2019
Finalist notification	December 20, 2019

Proposal due	March 31, 2020
Presentation	Week of April 10, 2020
Award notification	April 15, 2020
Event showcase	Week of April 26, 2020
Funding start date	July 1, 2020

Criteria

- How will this partnership make a significant contribution to *moving the needle* on a wicked problem in environment and social justice?
- How will the authentic partnership team approach and manage this project and ensure the sustainability of its outcomes?

Social Justice and Environment

Our program funds work that improves social justice (justice regarding the distribution of financial, social, political and human capital, opportunities, and privileges within a society) while simultaneously addressing environmental sustainability (such as climate change, pollution, natural resource degradation, and loss of biodiversity).
